

# Good News Club® Church Partnership Agreement

Your church can sponsor a Good News Club (GNC) to teach children about Jesus; **evangelizing** and **discipling** the children and introducing them - *maybe even their entire family* - to your church.

GNCs meet once a week at an **elementary school**, daycare, **community center**, online, in someone's **home**, at a church or in **any number of locations**. This can be a tremendous outreach as members of your church are trained and volunteer as teachers, helpers, administrators and prayer partners to go on mission right in your own neighborhood.

Invitations sent home with the students, and personal follow up by your church, can **increase your church growth** and, most importantly, **continue the growth of God's Kingdom**.

More specific details of church partnership are outlined below. CEF-Greater Clarksville stands ready to tailor our partnership to the needs of your church.
